Identity Security Assessment for Microsoft Entra ID

2-WEEK ASSESSMENT

PulseOne helps organizations assess their Microsoft Entra ID configuration to secure identities, enforce access controls, and prevent unauthorized access.

Compromised identities are the leading cause of security breaches. If your organization relies on legacy authentication, inconsistent multi-factor authentication (MFA), or poorly defined access policies, your data is at risk.

> The PulseOne Microsoft Entra ID and Identity Security Assessment evaluates your current identity infrastructure to ensure your users are protected and your access controls are robust.

WHAT WE DO

We review your Entra ID (formerly Azure AD) environment, focusing on MFA enforcement, Conditional Access policies, privileged identity management, and legacy authentication risks.

KEY DELIVERABLES

- Review of current Entra ID configuration
- Conditional Access policy analysis
- Privileged account audit
- Prioritized recommendations for identity hardening
- Executive summary and fixes roadmap

WHO THIS IS FOR

- Small and mid-sized businesses running Microsoft 365
- Leaders who want a straight answer on where they stand

WHAT IS NOT INCLUDED

- Implementation or configuration of Conditional Access policies or MFA
- Privileged Identity Management (PIM) deployment
- Directory cleanup or account fixes
- Deep user behavior or sign-in log analysis
- Compliance certification or regulatory audit support
- Licensing purchases or procurement
- Ongoing identity monitoring or managed services
- Custom scripting or automation development

ENGAGEMENT APPROACH

Discover	Assess	Recommend	Handoff
Understand current identity architecture and access requirements.	Audit Entra ID configurations, MFA status, and Conditional Access rules.	Develop a roadmap for identity security modernization.	Present findings and discuss implementation of new access controls.

BUSINESS VALUE

This assessment helps you lock down your most critical vulnerability-user identities-while ensuring legitimate users can still access the tools they need to be productive.

AT A GLANCE

Duration	2 Weeks
Price	$3,500-$6,000
Solution areas	Identity, Cloud Security
